COURSE DESCRIPTION

This interdisciplinary course will examine the socioeconomic and political disenfranchisement experienced by residents of the "other France" – a France comprised of working-class citizens often of immigrant origin and from France's former colonies. It will introduce students to urban sociology by requiring that they focus on the particular problems experienced by social actors who live in economically and socially disfavored parts of Paris. Topics covered include urban sociological theories, de-facto segregation, poverty, crime, schooling, public policy, national identity, the negotiation of bi-culturality, and the French secularizing mission. Students will investigate these topics from a variety of sources, ranging from documentary film and photojournalism to literary and cinematic expressions. Via these sources, they will become familiar with a vibrant urban "vernacular" culture that contests issues pertaining to citizenship, racialization and representation.

COURSE REQUIREMENTS

Attendance at lectures and site visits is mandatory. It is essential that you attend all classes and participate actively. As per the UC Attendance Policy, absences and tardies will result in a lowered final grade. Please refer to the UC Global Cities Urban Realities Program Academic Handbook for the policy on absences and tardies.

Participation and reading assignments are critical. For the purposes of this class, participation means reading the materials in advance, coming to class on time, staying for the entire class period, and actively taking part in discussions and other in-class exercises and activities. A large part of this portion of your grade is simply **paying attention**; in order to pay attention, you must be present! Lateness and absences will have a strong negative effect on your participation grade.

Assignments: Deadlines for assignments are to be respected. There will be NO extensions on assignments, nor will there be any additional or make up assignments.

Grade Breakdown:

Participation in class discussion:	15%
Oral Presentation:	15%
Weekly Quizzes:	20%

A Note on Academic Dishonesty: Regardless of the quality of work, plagiarism is punishable with a failing grade in the class and possible dismissal from the program. Plagiarism may be broadly defined as copying of materials from sources without duly citing them, claiming other's ideas as one's own without proper reference to them, and buying materials such as essays/exams. If you have questions about what constitutes plagiarism, please ask your instructor.

A Note on Electronic Devices: As a courtesy to your instructor and fellow students, please do not use cell phones, laptops, tablets, e-readers, or other electronic devices during class, even to check the time. Make sure phones are turned off. Use of these devices will lower your participation grade. No recording (audio or visual) of class sessions will be permitted.
