**3. COURSE DESCRIPTION**

This thirteen-week beginning conversation and grammar course is intended to immerse students in the French language and culture through bi-weekly class sessions and occasional instructor-led site visits. The fall semester program teaches listening, speaking, reading and writing with a focus on communication. Students will have the opportunity to use everything they learn in class as they go about their daily activities. Students can expect to be able to talk about daily life, food, travelling, Paris and a wide variety of activities. While students are learning how to speak the language, they will continue their introduction to the culture of the French-speaking world. To immerse students in the language, **only French will be spoken in class**. Although students are not expected to understand every word, they should try to follow the gist by paying attention to the context. Students will find their comprehension increasing as the course progresses.

**4. COURSE MATERIALS**

Jansma, K., *Motifs: An Introduction to French*, Heinle, 6<sup>th</sup> Edition, 2014

**5. COURSE LEARNING OUTCOMES**

The goal of the FR13 course is to help students develop the ability to communicate in spoken and written French. By the end of the course, students will have been presented and should be able to understand/perform/possess the following at a level appropriate to a novice-high learner (ACTFL scale):

- Understand the basic structures of French grammar and use the present, and use occasionally the past, near future, and future, of high-frequency regular and irregular verbs, use reflexive verbs to talk about their daily routines, use reciprocal verbs, and use occasionally the imperative, conditional and subjunctive moods, as well as use subject, object, and relative pronouns, articles, prepositions, possessive and demonstrative adjectives, adverbs, interrogative expressions, negative expressions, idiomatic expressions, expressions of quantity, and time and weather expressions
- Possess a basic working vocabulary and engage in short conversations with a sympathetic interlocutor in French, using simple sentences and basic vocabulary, with occasional use of past and future tenses, on familiar topics (such as the academic environment, family, food, and the home environment, habitual activities, memories, travelling and accommodations, facts and beliefs, opinions and emotions, health and illness, friendship, love and romance, etc.) and express their basic everyday needs
- Understand information on French and Francophone culture on the following topics: greetings, leisure activities and sports, vacation time, family structures, schooling and values of the French Republic, the

distribution of household chores, environmental protection, cuisine, grocery shopping and eating habits, the workplace, café life, multiethnic society, youth culture, fashion trends, the education system, values, politics, French national identity, the geography and cultural aspects of France's regions, and the geography, music and cuisine of the francophone world

- Read, understand, and discuss short, non-complex and highly predictable texts, for which there is contextual/extralinguistic support, on very familiar topics
- Write with some accuracy on very familiar topics in simple French, using the recombination of practiced vocabulary and structures to construct sentences
- Understand basic French spoken by someone who is sympathetic to non-native and beginning students of French on familiar topics, using context and extralinguistic support to determine meaning
- Reflect upon basic cultural differences as reflected in a variety of French and Francophone contexts, such as varying levels of familiarity/formality, etiquette, cuisine and dietary habits, family structures, commerce and the professional world, etc., as well as in cultural products such as film, performances, news, and music

#### **Enrollment Advice for Fall Term**

The following recommendation for continuing the study of French upon completion of the Practicum and the FR13 course is not meant to provide a definitive prescription, but rather a helpful suggestion. Students are required to follow placement procedures as defined by their home campus French department.

UCEAP Paris Course	Equivalency on UC Quarter Campuses	Equivalency on UC Semester Campuses	Continuing Students : Enrollment Advice for Fall Term
Practicum + FR13	Quarters 2-3	Semester 2	Quarter 4 / Semester 3

#### **6. PREREQUISITES**

UCEAP FR50 (French Language Practicum)

#### **7. METHODS OF INSTRUCTION**

Instruction will consist of presentations on grammar; all class activities; small group activities; individual and group presentations; and visits to pertinent neighborhoods and sites to provide students with opportunities to practice their language skills and to learn about their host city's history and culture.

#### **8. COURSE REQUIREMENTS**

##### **Class Meetings & Site Visits**

Class meetings will last 2.0 hours. Class time will be divided between presentations on grammar and student activities in which active student participation is required. Students are expected to study the material assigned for each class and to be prepared to practice the material in class.

In addition, students will meet for periodic site visits:

- Week 3: Quartier Latin
- Week 6: Montmartre
- Week 9: Atelier Cuisine
- Week 12: Les Passages

##### **Class Participation**

Active participation is required. Students are expected to study the assigned material and complete all homework for each class meeting beforehand, and to participate actively in all class activities and discussions.

##### **Written Assessment – Homework**

Students are required to keep self-corrected exercises (*exercices auto corrigés*) and written activities in a special notebook (or in a special section of their class notebooks). The instructor will check this notebook on test days, but it should be brought to every class session. Other homework (e.g., handouts) will be collected at the beginning of the next class. Every handwritten assignment must be completed on a neat, squared sheet of paper, be written in a legible way with a pen and include the following: student's name, instructor's name, the date, and where applicable reference to the page number(s) of the exercise/activity.

Homework assignments (*les devoirs* in French) are described in the course schedule in French.

Here is a key to understand the *devoirs*:

- *Lire* Read the text indicated by page numbers.
- *Écrire* Write out responses legibly.
- *Étudier* Study structures carefully, memorize vocabulary and forms studied.
- *Exercices* All exercises should be complete and written legibly.
- *auto corrigés* Self-corrected exercises (answers in back of book).
- *polycopiés* Handouts provide supplemental exercises that should be completed.
- *Préparer* Prepare what is asked – drawing, photo, oral presentation, etc.
- *Préparation orale* Oral preparation, i.e., memorization, is essential for students' oral presentations (*présentations orales*).
- *Composition* Compositions must be typed, etc. (see above course requirements).
- *Réviser* Review vocabulary and/or structures as noted.

#### **Written Assessment – Compositions**

Compositions are an opportunity for students to use French creatively, pulling together everything they have learned to describe their experiences. An "A" composition will be accurate, thoroughly address the topic and express something unique about the writer. Compositions are to be typed, double-spaced 12-point font (Times NR) and to meet length requirements as specified on the prompts.

All work submitted must be the student's own. The use of translating/writing programs or online-websites (or friends or family members who speak more advanced French) for composition assignments is not permitted. Assignments produced in this manner will not receive credit. Students should approach their assignments and compositions as exciting opportunities to put to use their developing language skills in a creative manner. Also, it is not a good idea to begin an assignment in English with the intent to translate it into French. Students should use the vocabulary and structures they are learning in class for their assignments and compositions. Use of a bilingual dictionary to look up words is acceptable.

#### **Written Assessment – Chapter Tests**

Chapter tests will occur periodically throughout the semester. The tests aim at evaluating students' knowledge and understanding of grammar, vocabulary and culture.

#### **Oral Presentations**

The oral presentations aim at evaluating students' oral skills. Students are required to present on the assigned topic and to do so without a script. Using visual or other extra-linguistic supports is acceptable.

#### **Midterm and Final Exams**

The midterm and final exams aim at evaluating the students' cumulative knowledge and understanding of grammar, vocabulary and culture.

### **9. ASSESSMENT AND GRADING CRITERIA**

The FR13 course will be graded on a 100-point scale. The final grades will be determined as follows:

- |                       |     |
|-----------------------|-----|
| ➤ Class Participation | 15% |
| ➤ Homework            | 10% |
| ➤ Compositions        | 15% |
| ➤ Chapter Tests       | 15% |
| ➤ Oral Presentations  | 10% |
| ➤ Midterm Exam        | 15% |
| ➤ Final Exam          | 20% |

The numerical average will correspond to the following degrees of competence:

90 – 100 *Outstanding degree of competence*

80 – 89 *Good degree of competence*

70 – 79 *Adequate degree of competence*

60 – 69 *Basic degree of competence*

0 – 59 *Failure to demonstrate a basic degree of competence*

### **10. ATTENDANCE POLICY**

Attendance is expected in all course meetings, course-related activities and visits/exursions on UCEAP

programs.

- Students should plan to arrive on time to all course meetings. Students will be marked absent if they are not present at the start of class. Students will also be marked absent if they skip out early.
  - Roll will be called as a matter of course. The class register is the official record of student attendance.
  - Absences will adversely affect course participation grades.
- Students will be required to meet with the Academic Director if it is determined that their lack of participation in a course has a negative impact on the other students in the class (e.g., group presentations). When appropriate, the Academic Director will confer with UCEAP on disciplinary measures to take, including probation and dismissal from the program.
- No MAKE-UPS for missed work: if a student is absent on a day when there is some form of assessment (quiz, test, presentation, exam, etc.), there will be no make-ups.
  - NO LATE ASSIGNMENTS: No late assignments will be accepted and no extensions will be given.
  - No guests are allowed to participate in any UCEAP courses or site visits.

## **11. CLASS ETIQUETTE**

Students studying abroad are ambassadors for the University of California and as such, should act with decorum and respect for others at all times. As participants on the UCEAP Fall Semester Program in Paris, students are subject to student conduct policies of UCEAP and ACCENT.

Students should seek to play their part in making the class a success. Students should arrive punctually for classes, taking special care to allow for journey times between the various venues. They should come to class with the necessary materials for taking notes, and bringing with them any books or suchlike required for the class. Students will be responsible for obtaining their own copies of any missed assignments and materials.

Food and drink may NOT be brought into the classroom or consumed during class. Cell phones and other electronic devices should be switched off upon entering the classroom or lecture room.

For more information, please consult the UCEAP Student Conduct and Discipline Policy at  
[http://eap.ucop.edu/Documents/Policies/student\\_conduct\\_discipline.pdf](http://eap.ucop.edu/Documents/Policies/student_conduct_discipline.pdf).

## **12. ACADEMIC INTEGRITY**

Students should remember that they are subject to the academic integrity provisions of the University of California. The principle of honesty must be upheld if the integrity of scholarship is to be maintained by an academic community.

All academic work—compositions, exams, and/or other assignments—must be done by the student to whom it is assigned, without unauthorized aid of any kind. Likewise, any act of academic misconduct, such as cheating, fabrication, forgery, plagiarism, or facilitating academic dishonesty, will subject a student to disciplinary action.

For more information, please consult UCEAP Academic Conduct Policy at  
[http://eap.ucop.edu/Documents/Policies/academic\\_conduct.pdf](http://eap.ucop.edu/Documents/Policies/academic_conduct.pdf).

## **13. STUDENT ACCOMMODATIONS**

UCEAP is committed to facilitating welcoming and reasonably accessible programs. Any student who because of a disability may require special arrangements in order to meet course requirements should present appropriate verification from the campus Student Disability Office to UCEAP advisors during the application process, and should contact Paris Director upon arrival to confirm the approved accommodations. No requirement exists that accommodations be granted prior to completion of this approved university procedure. Disability status is confidential and should always be discussed in private.

For more information, please consult UCEAP Official website at <http://eap.ucop.edu/Diversity/Pages/students-with-disabilities.aspx>
